MENTOR PROGRAM

Over the last 23 years we have developed our very own unique method of cutting hair to re-balance the face by cutting shapes in and around bone structure.

2022 brings a new modern direction in hair cutting and styling for DCI. Our Mentor Program hairdressing workshops are designed to inspire a new world of hairdressing, by developing confidence and consistency with progressive techniques, plus the very best client engagement and communication techniques, to help your work be understood and respected.

The goal is to give hairdressers a fresh, modern confidence in hair cutting and hair styling & to motivate to shine every month, so that salon clients return throughout the year. Our Mentor Program hairdressing workshops are for committed hairdressers wanting to learn how to be different, stand out and be inspired and guided to be the very best.

Our philosophy is, “the more you learn, the more you earn in your salon”. We are committed to assisting your growth, teaching the importance and value of style currency in your work, and ultimately changing your life in a positive way.
