PERSONAL DEVELOPMENT

The Elevate Program is a renewed and re-energised professional development experience for hairdressers who want more than technique, those seeking confidence, and certainty that lasts.

Whether you've been part of Elevate before or you're joining for the first time, the experience in 2026 is more purposeful, connected, and transformative.

2026 introduces a refined new collection of classic, timeless haircuts designed to look expensive, intentional, and effortless. From creating beautiful movement in long hair, to mastering clean, precise bobs and confident short shapes, every haircut is taught through a simplified approach that builds clarity, consistency, and genuine confidence.

This is not about trends. It's about building a cutting foundation you can rely on, year after year.

Elevate 2026 is for hairdressers who want their work to feel considered, confident, and unmistakably high-end, supported by deeper structure, engaging teaching, and ongoing guidance via online learning.

WHAT ELEVATE IS

Elevate is a yearly professional development program supporting hairdressers to grow with clarity, confidence, and purpose.

It focuses on classic timeless cutting principles, confident consultation, and professional presence, blending practical technique with deeper thinking so you cut better, communicate clearly, and work with intention.

Learning is delivered through structured sessions, shared discussion, feedback, and practical demonstration, creating an experience that supports long-term growth, not just short-term improvement.
